1.19. Preliminary screening

UNOPS will examine the bids to determine whether they are complete, the documents have been properly signed, the bids are generally in order, and there are no computational errors in the Price Schedule.

1.20. Determination of compliance

Compliance refers to whether or not the bid substantially meets the quantitatively and qualitatively defined criteria as per the requirements and other qualification criteria as stated in the solicitation

documents. If the offer complies with all the criteria specified in the solicitation documents such as pre-qualification and eligibility requirements, the offer is deemed substantially compliant.

1.21. Evaluation steps

All bids found substantially compliant with the formal criteria under 1.19 Preliminary screening will go through subsequent evaluation as follows:

- a. **Pre-qualification** and eligibility criteria as outlined in the UNOPS technical specifications as contained in this ITB are evaluated prior to technical and financial evaluation. Only bids meeting the minimum pre-qualification and eligibility criteria will be evaluated further.
- b. **Technical evaluation** will be conducted to establish substantial compliance. When the specifications of the item/s quoted vary in one or more significant aspect/s from the minimum required technical specifications, the bid will not be considered substantially compliant and will not be evaluated further.
- c. The prices of bids found to be substantially compliant will be compared to identify the most substantially compliant bid which represents the lowest overall costs to UNOPS.

1.22. Award criteria

Bidders must meet all the mandatory business criteria outlined in Annex C UNOPS technical specifications. The qualifications will be evaluated by UNOPS and bidders determined to have met all mandatory requirements will be considered for award.

UNOPS will award the contract to best qualified contractor whose bid substantially conforms to the requirements set forth in the solicitation documents and offers the lowest cost to UNOPS. UNOPS reserves the right to conduct negotiations with the vendor regarding the contents of their offer. UNOPS reserves the right to accept or reject any bid, and to annul the solicitation process and reject all bids at any time prior to award of contract, without thereby incurring any liability to the affected bidder or bidders or any obligation to inform the affected bidder or bidders of the grounds for UNOPS action. UNOPS reserves the right to make one or multiple contractual arrangements (for all lots or per lots) as partial bids per lots are allowed.

1.23. UNOPS right to vary quantities at time of award

At the time the contract is awarded, UNOPS reserves the right to increase or decrease the quantity of goods and related services originally specified in Section 4, Technical specifications, provided this does not exceed the percentages specified in Section 4, Technical specifications and without any change in the unit prices or other terms and conditions of the bid and the bidding documents.

1.24. Notification of award

Prior to the expiration of the period of bid validity, UNOPS will notify the successful bidder in writing by email or letter, that its bid has been accepted. The notifications of award will constitute the formation of the contract. Please note that the bidder will be required to complete registration on the UNGM prior to the signature and finalization of the contract.

1.25. Signing of contract

At the same time as UNOPS notifies a successful bidder that its bid has been accepted, UNOPS will invite the bidder, provided the bidder is successfully registered on the UNGM, to sign the final version of the Contract Form provided in the solicitation documents, incorporating all agreements between the parties.
