## RESULTS

## FOCUS ON PRIORITY AREA

IMPROVEMENT OF LOCAL ECONOMY THROUGH INCREASED COMPETITIVENESS OF TRADITIONAL AGRICULTURAL PRODUCTS

**CONTRIBUTION BY EUROPEAN PROGRES PROGRAMME AMOUNTS TO EUR 44,472**

European PROGRES supports local self-governments and associations in the process of protection of geographic origin of traditional agricultural products. The subject of support is protection of geographical indication, protection of designation of origin as well as support to certification of authorised users. That will result in the creation of conditions for better evaluation and higher demand for traditional products, greater usage of local resources, protection from copies and enforcement of that protection by the authorities and preservation of traditional customs.
