## CONTRIBUTION OF EUROPEAN PROGRES AMOUNTS TO EUR 253,880

European PROGRES is providing grants to entrepreneurs, micro and small enterprises for equipment or for advisory services, thus supporting private sector to boost production and create new jobs. The budget of the Call amounting to EUR 250,000 foresees up to EUR 25,000 support for individual small enterprises, and EUR 15,000 for micro enterprises and entrepreneurs. All projects need to demonstrate the capacity to contribute to broader community through corporate social responsibility interventions in the amount of 20% of the requested grant. The focus of the Call is on the development of the company through increased productivity, while the projects approved for funding have been selected on the basis of newly created jobs, contribution to the value chain of local suppliers, market expansion, and productivity, as well as ecological and technological innovation and social responsibility.
